emexact

Instructions for import of the implant library EM Exact into DentalWings software

Version 2018-03-30

2. Right click on Implant Kits and choose Import Implant Manufacturer Kits

3. Identify the path of the EM Exact *Library* and choose *open*

5. When the library is successfully imported, it will be added to the available implant Library list. All Kits of EM Exact Library will be integrated.

When you select a kit, displays a screen with all components of this Kit
